PROTESTED by John Laxague October 13, 1914.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source, and is particularly subject to the right acquired under and by virtue of permit No. 124. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water hereinafter granted at all times in order to insure the proper distribution thereof. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Three & 2/10 cubic feet per second. (3.20)

Actual construction work shall begin on or before April 5, 1916.

Proof of commencement of work shall be filed before May 5, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before October 5, 1916.

Application of water to beneficial use shall be made on or before April 5, 1922. Proof of the application of water to beneficial use must be filed with State Engineer on or before May 5, 1922.
